Benefit of materials expertise

> The perfect resin choice for your 3D printers

Where, as a user, you can expect a constant flow of new materials for the growing number of areas of application for printing technology; dentona supplies top-of-the-range premium resin which can be used for all current brands of printer based on the latest technologies

(DLP, SLA, LCD). Discover the specially developed product variations for devices with a lower level of luminous intensity (HR products), as well as for printers with stereolithography technology (SLA products).

> Splints – class IIa and FDA listed

optiprint splint

> Implant drilling templates – class IIa and FDA listed

optiprint guide

Special features

- No risk of broken splints
- Transparent
- Very high level of mechanical stability
- High level of process reliability
- Low viscosity and biocompatible
- Class IIa + FDA listed

> Order information

Product	Description	Item No.
optiprint splint 385	clear transparent 1 kg / 910 ml	48180
optiprint splint 385	clear transparent 500 g / 455 ml	48181
optiprint splint HR	orange 1 kg / 910 ml	48182
optiprint splint HR	orange 500 g / 455 ml	48183
optiprint splint HR	green 1 kg / 910 ml	48184
optiprint splint HR	green 500 g / 455 ml	48185
optiprint guide 385	clear transparent 1 kg / 910 ml	48000
optiprint guide 385	clear transparent 500 g / 455 ml	48001
optiprint guide 405	clear transparent 1 kg / 910 ml	48010
optiprint guide 405	clear transparent 500 g / 455 ml	48011
optiprint guide 405 HR	clear transparent 1 kg / 910 ml	48012
optiprint guide 405 HR	clear transparent 500 g / 455 ml	48013
optiprint guide 405 SLA	clear transparent 1 kg / 910 ml	48014
optiprint guide 405 SLA	clear transparent 500 g / 455 ml	48015

> Temporary crowns and bridges – class IIa listed

optiprint temp

Special features

- High level of mechanical stability
- Natural dental aesthetics using VITA tooth colours
- Class IIa listed

> Order information

Product	Description	Item No.
optiprint temp	Vita A2 1 kg / 910 ml	48190
optiprint temp	Vita A2 500 g / 455 ml	48191
optiprint temp	Vita A3 1 kg / 910 ml	48192
optiprint temp	Vita A3 500 g / 455 ml	48193
optiprint temp	Vita B2 1 kg / 910 ml	48194
optiprint temp	Vita B2 500 g / 455 ml	48195

> Denture bases – class IIa listed

optiprint denture

Special features

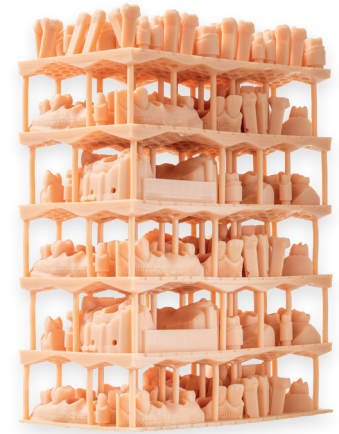

- 2 translucent colour shades for a natural look
- Special mechanical stabilities
- Class IIa listed

> Order information

Product	Description	Item No.
optiprint denture	light-pink 1 kg / 910 ml	48140
optiprint denture	light-pink 500 g / 455 ml	48141
optiprint denture	dark-pink 1 kg / 910 ml	48142
optiprint denture	dark-pink 500 g / 455 ml	48143

> Model production

optiprint model

> Order information

Product	Description	Item No.
optiprint model	ivory 1 kg / 910 ml	48051
optiprint model	ivory 500 g / 455 ml	48053
optiprint model	golden brown 1 kg / 910 ml	48050
optiprint model	golden brown 500 g / 455 ml	48052
optiprint model HR	golden brown 1 kg / 910 ml	48054
optiprint model HR	golden brown 500 g / 455 ml	48055
optiprint model SLA	golden brown 1 kg / 910 ml	48056
optiprint model SLA	golden brown 500 g / 455 ml	48057

> Quality assurance in the process chain

optiprint match

Special features

- Ideal for documenting the process quality
- Good scanability without additional spray
- Components with homogenous surfaces

> Order information

Product	Description	Item No.
optiprint match	light brown 1 kg / 910 ml	48120
optiprint match	light brown 500 g / 455 ml	48121

> Laboratory marketing and presentation

optiprint model clear 385

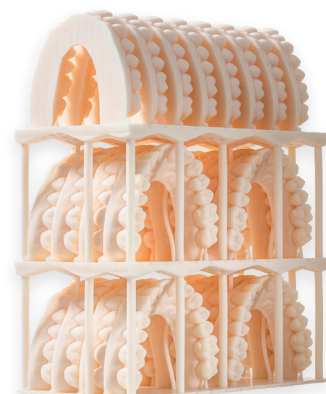

Special features

- Especially compatible with 385 nm wavelength
- Crystal clear look
- Ideally suited to laboratory marketing

> Order information

Product	Description	Item No.
optiprint model clear 385	clear transparent 1 kg / 910 ml	48110
optiprint model clear 385	clear transparent 500 g / 455 ml	48111

optiprint ortho-model

Special features

- Surface quality like plaster model
- Compatible with thermoforming technology
- Ideal for in-house aligner production

> Order information

Product	Description	Item No.
optiprint ortho-model	ivory 1 kg / 910 ml	48062
optiprint ortho-model	ivory 500 g / 455 ml	48063
optiprint ortho-model HR	ivory 1 kg / 910 ml	48064
optiprint ortho-model HR	ivory 500 g / 455 ml	48065
optiprint ortho-model SLA	ivory 1 kg / 910 ml	48066
optiprint ortho-model SLA	ivory 500 g / 455 ml	48067

> Bracket positioning

optiprint I-B-T

Special features

- Comfortable and secure
- Flexible and easy to separate
- Class I medical product

> Order information

Product	Description	Item No.
optiprint I-B-T 385	clear transparent 1 kg / 910 ml	48100
optiprint I-B-T 385	clear transparent 500 g / 455 ml	48101

> Flexible gingival mask

optiprint gingiva

Special features

- Functional enhancing of the model
- Natural rendering of the gingiva
- Flexible and tear-resistant

> Order information

Product	Description	Item No.
optiprint gingiva 385	gingiva 1 kg / 910 ml	48070
optiprint gingiva 385	gingiva 500 g / 455 ml	48071

> Model casting, crowns and bridges

optiprint cast

Special features

- Residueless burn out
- Enables the most delicate distortion-free support structures and frames
- Compatible materials chain

> Order information

Product	Description	Item No.
optiprint cast	violet 1 kg / 910 ml	48040
optiprint cast	violet 500 g / 455 ml	48041
optiprint cast HR	violet 1 kg / 910 ml	48042
optiprint cast HR	violet 500 g / 455 ml	48043

> Efficient patient satisfaction guarantee

optiprint mock-up

Special features

- Sales aids for patient conversations
- Patient satisfaction guarantee
- Class I medical product

> Order information

Product	Description	Item No.
optiprint mock up	Vita A2/A3 1 kg / 910 ml	48150
optiprint mock up	Vita A2/A3 500 g / 455 ml	48151
optiprint mock up HR	Vita A2/A3 1 kg / 910 ml	48152
optiprint mock up HR	Vita A2/A3 500 g / 455 ml	48153

> Individual impression tray

optiprint tray

Special features

- High mechanical stability and process reliability
- Curing depth compatible with high building speeds

> Order information

Product	Description	Item No.
optiprint tray 385	light blue 1 kg / 910 ml	48021
optiprint tray 385	light blue 500 g / 455 ml	48025
optiprint tray 385	green 1 kg / 910 ml	48020
optiprint tray 385	green 500 g / 455 ml	48024
optiprint tray 385	pink 1 kg / 910 ml	48023
optiprint tray 385	pink 500 g / 455 ml	48027
optiprint tray 385	orange 1 kg / 910 ml	48022
optiprint tray 385	orange 500 g / 455 ml	48026
optiprint tray HR	orange 1 kg / 910 ml	48028
optiprint tray HR	orange 500 g / 455 ml	48029
optiprint tray HR	green 1 kg / 910 ml	48030
optiprint tray HR	green 500 g / 455 ml	48031
optiprint tray HR	blue 1 kg / 910 ml	48032
optiprint tray HR	blue 500 g / 455 ml	48033
optiprint tray SLA	orange 1 kg / 910 ml	48034
optiprint tray SLA	orange 500 g / 455 ml	48035
optiprint tray SLA	green 1 kg / 910 ml	48036
optiprint tray SLA	green 500 g / 455 ml	48037
